If you or your loved one believes you are not receiving the quality care that you expected, we want to address your concerns *ASAP*.

The compliance hotline is a confidential, dedicated line providing a place where you can leave a message about a concern 24 hours a day. When calling the hotline, we ask that you provide as much detailed information as possible describing your concern. Although you may leave an anonymous message, those who leave their contact information will receive a follow up response and will provide us with an opportunity to contact you for clarification, when necessary.
